You're Invited

Dear Community Partner,

The Georgia Three Rivers Chapter of the American Red Cross would like to extend a special invitation for you to become a valuable part of our shelter team.

We'd like you to join us at our August 23 shelter drill to learn more about how these critical community partner shelter teams work together to provide a safe, temporary home, meals and other support for those displaced by disaster. Participants will take an informative tour of the mock shelter and enjoy a complimentary lunch.

The Red Cross relies on partners like you to carry out its disaster relief activities. You are very important to us and the clients whom we serve. We can't wait to see you there!

Sincerely,

Jessica McFadden
Disaster Program Manager
Georgia Three Rivers Chapter

Another Great Day in Meriwether

County, as crowds gathered in northern Meriwether County to celebrate the grand opening of the two Mando Georgia plants. Meriwether County is so proud to be the home of this progressive company with an international presence. Many dignitaries, including Georgia’s Governor Nathan Deal gathered at the park to celebrate this great occasion. The stone shown in the photo was blasted from the earth during the grading process. It will serve as a permanent reminder of the commitment Mando has made, noting “Mando forever; like the rock”.

U-Save-It Pharmacy in Greenville is selling Breast Cancer Awareness T-shirts for \$19.99. Go by and pick one up for yourself or someone you know and support this great cause. While there, check out their many other gift items. Located on the square in downtown Greenville.

Make sure your Telephone Customer Service is top-notch:

- Answer the phone promptly – every call should be answered before the third ring. If you don't answer the phone right away, people assume you are either closed for the day, out of business or offer poor service
- Immediately identify yourself for all incoming and outgoing calls. One of the top complaints about phone manners is that people fail to say who they are.
- Be prepared with pen and paper by the phone - no business caller likes to wait while you search for something to write with or on
- Take accurate messages - read it all back for verification

- *Transfer calls promptly* and explain any delays if you have to place a caller on hold.
- *Put a smile on your face* and enthusiasm in your voice when you answer the phone
- Remember- the caller at the other end of the line is forming an impression of your entire company by the way you answer the phone - make it a good one!

Mobile Apps can help Improve Customer Service - here's how: your customers can benefit from being able to access your products/services anytime and from anywhere. Your mobile app can also be integrated with Facebook, Twitter, Foursquare and other social media sites. Additionally, using push notification, you can quickly send upcoming promotions or special events to your customers and prospects.

*Georgia Revenue up 5.2% over previous year....*As Georgia closed out the 2014 fiscal year at the end of June, tax collections were up from those of the previous year. Aided by an 11.5% increase in June's monthly collections over the same month of 2013 provided the final boost to the fiscal year. At the beginning of the fiscal year, there was \$717 million in the state's reserves, although the final tally for the new surplus won't be complete for a few more months.
